This drawing is only required for those airports that have acquired land with federal funds (which Wiscasset has) or through an FAA-administered land transfer program. If any obligations were incurred as a result of obtaining property, or an interest therein, they are noted. Obligations that stem from federal grant or an FAA-administered land transfer program, such as surplus property programs, are also noted. The drawing depicts easements beyond the airport boundary. An airport property map is not a substitute for an Exhibit A unless it is prepared in accordance with AC 150/5100-17, Land Acquisition and Relocation Assistance for Airport Improvement Program Assisted Projects.
