

# **RSU 12 Budget Vote**

## **Tuesday, September 10**

**This is the second step in the process of adopting and approving the education budget for 2013-2014**

At the RSU 12 Regional Budget Adoption Meeting on August 12 those voters present adopted the revised budget that was recommended by the RSU 12 Board of Directors.

**The total for the adopted budget is \$26,395,204 \$629,560 or 2.44% more than last year's budget**

This budget almost maintains the services and the programs provided last year, with no frills and some reductions.

Though State Subsidy has increased for 2013-2014, Other Miscellaneous Revenues that had been budgeted for last year are not available for this year; therefore the total cost to be paid by local taxes has increased \$664,376 or 4.56%. This is \$445,000 less than asked for in the first budget round.
