

Wiscasset Transportation Committee

Northern Bypass Sub Committee

Meeting Minutes

07-06-02

Attendance:

Michael Blagdon

Marguerite Rafter

Don Jones

Allen Kaufman

On Saturday July 6th, 2002 the Wiscasset Transportation, Northern Bypass Sub Committee agreed via consensus to support and forward the following to both the Wiscasset Transportation Committee and MDOT.

Of the routes remaining on the table, this Sub Committee would prefer a N2 variant. The Wiscasset community has responded favorably to the variations of N2. Further we also recognize that a large portion of the community would like to pursue a more Northern Route that crosses Route 27 above the Wiscasset High School.
