

Wiscasset Waterfront Committee Meeting Draft Minutes
10-10-19

Susan, Frank, Dave, Dick.

Mtg. Called to order at 1805.

Pier Vendors were invited to meeting to relate their business activities:

Lobsterholic Apparel had their employees leave so did not have any business. They would like to sell their building to another vendor. The vendor is Maine Made Products and would be a good addition to the pier.

Sprague's lobster and Forgotten recipes both said that business was not good in June due to cold and rain. August was better but less than normal and the MDOT construction was cited as the reason.

The railroad car was removed by order of MDOT. Many customers asked its whereabouts. Committee would like to see railroad car returned.

Discussed adding slips to waterfront for boat owners to rent seasonally. Will present concept to Selectboard for their decision to proceed.

Recommend electric meters for each vendor so they can pay for electricity they consume. At the same time the electrical distribution on pier should be brought up to code if there are any areas not presently meeting code.

Discussed pier policies briefly and will have a workshop to complete.

Mtg. Adjourned at 1943.
